TERMS OF SALE

These terms of sale are designed to conform to the Amended Rules for Public Auction Sales in New York City by the Department of Consumer Affairs and the Bylaws of the Professional Numismatists Guild, Inc.

1. This public auction sale is conducted pursuant to these Terms of Sale by licensed and bonded auctioneers, Harvey G. Stack, #0522763 and Lawrence R. Stack, #0798114.
2. **Each bidder, by bidding in the sale, agrees that a 15% BUYER'S CHARGE will be added to the "hammer price" or winning bid of each lot as determined by the auctioneer.** This 15% BUYER'S FEE will be added to the invoice of each successful bidder over and above the actual sum bid or offered. The Buyer's Fee applies regardless of a bidder's affiliation with any group or organization, and is imposed on all bidders. No lots will be delivered or shown at the auction. Auction sales are strictly for cash and must be paid for promptly in U.S. funds. COIN GALLERIES reminds you that all bidders personally guarantee prompt payment in full. Checks are permitted with identification acceptable to COIN GALLERIES. On any accounts past due, COIN GALLERIES reserves the right to extend credit and impose periodic charges as stated in these Terms of Sale or on the invoice or statement. Buyer agrees to pay the reasonable attorney fees and costs required to collect on such past due accounts. All lots delivered in New York State are subject to applicable Sales Tax. Buyer agrees to pay any sales tax, use tax, and any other applicable taxes that now, or hereafter, are found to be due by virtue of the sale, and to indemnify and hold COIN GALLERIES harmless for any sales or other taxes due thereunder, including reasonable attorneys fees, costs and any interest or penalties assessed. Buyer shall also pay all shipping and handling charges where applicable.
3. Purchasers claiming exemption from such taxes must submit resale or exemption certificates or other proof of exemption. Out-of-state Purchasers taking delivery in New York must provide an OSR certificate or pay applicable taxes due. All purchasers represent that they are not seeking to acquire goods for personal, family, or household purposes, but are bidding for resale purposes; and those submitting OSR's additionally represent that they are professionals, knowledgeable and fully aware of what they are purchasing, a representation upon which COIN GALLERIES relies in agreeing to sell to Purchaser. Buyers picking up lots may be required to confirm this agreement in a separate writing.
4. COIN GALLERIES is not responsible for your errors in bidding. PLEASE BID ON THE CORRECT LOT.
5. All persons seeking to bid, whether in person, by an agent or employee, or by mail, must have a catalogue and register to bid. By submitting a bid, whether in person, by mail, or through an employee or agent, the bidder acknowledges receipt of the catalogue, and agrees to adhere to these terms of sale. The auctioneer may decline to recognize any bidder who does not have a catalogue and has not registered. Any prospective bidder may be required to establish credit references or submit a deposit of 25% of their bids. All new bidders should be prepared to establish credit with the auctioneer prior to registering to bid.
6. By bidding, purchasing or offering to purchase in this sale, even if as an agent, or on behalf of a corporation or for another individual, each bidder personally guarantees prompt payment and agrees to be personally liable for the consequences of bidding; all bidders also personally guarantee prompt payment in full, including without limitation, BUYER'S FEE, taxes, surcharges, postage, handling charges, storage costs and insurance charges.
7. COIN GALLERIES reserves the right to require payment in full before delivering lots to a successful bidder, and reserves the right to require the principals, and directors of any corporate bidder to execute a guarantee of payment (which, in any event they do by having an agent or employee bid in the sale) prior to allowing a bid to be placed or recognized.
8. COIN GALLERIES reserves the right to impose a late charge, based solely upon Purchaser's failure to remit full and timely payment, and which late charge is not related to any necessary storage of the material purchased. Said late charge is calculated at a rate of 1½% per month (18% per annum), based on the purchase price if payment has not been made in accordance with these Terms and Conditions of Sale. Purchases not collected within thirty (30) days of the date of sale may, at the sole option of COIN GALLERIES, be resold for Purchaser's account by COIN GALLERIES, with Purchaser liable for any deficit after COIN GALLERIES receives a commission for the same in accordance with its agreement, and thereafter deducts all expenses associated with the sale, including reasonable attorneys fees.
9. Bids are NOT accepted from minors. By bidding in this sale, the bidder represents and certifies that they are of legal age, are authorized to make the bid that they make, and that the purchase is not a consumer sale or consumer credit transaction.
10. **Title remains with COIN GALLERIES until paid for in full.** Should Purchaser take any action under Title 11 of the U.S. Code, or any state insolvency law, Buyer agrees to promptly return to COIN GALLERIES, any lots not paid for. The Buyer agrees to keep the lots fully insured until paid for. Risk of loss is on the Buyer.
11. The highest bidder as determined in the sole discretion of the auctioneer shall be the Buyer. If the auctioneer determines that a dispute has arisen between two or more bidders, the lot may be immediately put up and sold again. Bidders with whom the dispute previously arose shall be without further recourse for any damages whatsoever.
12. If you bid by mail, **mail your bid sheet early.** Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
13. The auctioneer reserves the right to refuse ridiculously low bids, which in the auctioneer's sole discretion, are felt not to have been made in good faith. The auctioneer reserves the right to open the lot at a reasonable price determined solely by the auctioneer. The auctioneer shall also have sole discretion to set initial, and subsequent bidding increments, and to accept, or to decline to accept, challenges to those bidding increments. All bids not in whole dollar amounts may be rounded downward by the auctioneer. The auctioneer may open bidding on any lot by placing a bid on behalf of the Seller, a mail bidder, COIN GALLERIES, or another participant in the sale. The auctioneer may bid further on behalf of the Seller up to the amount of the reserve by placing successive or consecutive bids for a lot, or by placing bid in response to other bidders. The auctioneer may bid for his, or its, own account at any auction and may have access to information concerning the lots, and items contained in them, that are not otherwise available to the public. Estimate given are for the general guidance of the bidder and represent the opinion of the auctioneer as to the

fair market value of the numismatic item at the time of cataloguing, based on experience and comparable sale, if applicable. The actual price realized may be higher, or lower than the estimate. If a lot is reserved, the reserve may not exceed the maximum estimated price.

14. Auction sales are not approval sales. In the event of non-payment by the Buyer, COIN GALLERIES reserves any and all rights that it would be entitled to under the Uniform Commercial Code, including Buyer's consent to file a financing statement without need of Buyer's signature, and to offset any sums due on any future consignment or purchase or monies or goods in possession of COIN GALLERIES or its assigns.
15. All bidders are encouraged to carefully examine all lots prior to the sale. No lots will be shown at the sale. COIN GALLERIES assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein. All floor buyers should acquaint themselves with the property sold since COIN GALLERIES will assume that they have done so and requires that the Purchaser represent that they have. Bidders are deemed to have satisfied themselves as to all of the matters set forth in the terms of sale.
16. COIN GALLERIES, as agent, offers a LIMITED WARRANTY that any numismatic item sold is authentic (i.e., not counterfeit, that its date or mintmark has not been altered, and that the coin has not been repaired as those terms are used in the trade). Except as set forth in this limited warranty and as may be required by the arts and cultural affairs law, and any other law or regulation, all other warranties of authenticity of authorship, whether express or implied, are hereby disclaimed.
17. Except as otherwise stated herein, all items offered in this catalogue are **GUARANTEED TO BE GENUINE** and correctly attributed as defined below.
18. (a) NO LOT may be returned for any reason whatsoever without the prior written consent by COIN GALLERIES, or, in any event, if it has been removed from its original container. **No lots purchased by those who have viewed the lots may be returned**, unless the limited warranty provided in these terms of sale permits it.
(b) Grading is a subjective description in the opinion of the cataloguer as to the state of preservation, method of strike, and overall appearance of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution.
(c) COIN GALLERIES does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigree; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style.
(d) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloguer and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind.
(e) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloguer's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
(f) COIN GALLERIES may utilize numerical or adjectival descriptions, and may include lots that have been graded by others. Opinions offered with respect to numismatic properties offered for sale by COIN GALLERIES are made at the time that the numismatic item is catalogued, and do not refer to any prior or subsequent time.
(g) Where COIN GALLERIES sells a numismatic item graded and encapsulated by a grading service, Buyer acknowledges and agrees that other grading services, COIN GALLERIES or knowledgeable purchasers might reach a different conclusion as to the state of preservation of a particular item, and that COIN GALLERIES has presented the service's description of the encapsulated item for accommodation only. Any such information provided by COIN GALLERIES is the opinion of the third party, without recourse against COIN GALLERIES in any way whatsoever.
(h) **Except as otherwise expressly stated in the Terms of Sale, COIN GALLERIES and its agents and employees make no warranties or guaranties or representations, and expressly disclaim all warranties and guaranties and representations, including, without limitation, a warranty of merchantability, in connection with any numismatic properties sold by COIN GALLERIES.**
(i) All oral and written statements made by COIN GALLERIES, are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of COIN GALLERIES has authority to vary or alter these Terms of Sale. Any alteration shall be effective only if in writing and signed by a member of the firm.
(j) If not so stated expressly, the grade, artisanship, provenance, or attribution is the firm's opinion only on which no third party, including the bidder, is entitled to rely.
(k) COIN GALLERIES assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein.
19. Unless otherwise stated, COIN GALLERIES acts only as agent for a Consignor and makes no independent warranty of title. COIN GALLERIES offers the following LIMITED WARRANTY to Buyers with respect to all numismatic items offered for sale. COIN GALLERIES warrants to all Buyers that the Consignor or the Seller has warranted good title to property offered for sale. Any such warranty is predicated on the Owner or prior owner making the same warranty to COIN GALLERIES, upon which the firm relies. In the event that it is finally determined that the Purchaser has not acquired transferable title, COIN GALLERIES shall reimburse the Purchaser (if full payment has already been made) in accordance with these Terms of Sale, and Buyer agrees that this is full compensation for any loss whatsoever, whether actual or otherwise. Tender of the check by COIN GALLERIES to Buyer at the address specified on the bid sheet or registration form shall end the obligation of COIN GALLERIES to the Buyer, even if the check is not endorsed or cashed. COIN GALLERIES and the Consignor make no representations or warranty that the Purchaser acquires any reproduction rights or copyright in property purchased at the sale.
20. COIN GALLERIES further expressly disclaims all warranties relating to the grade, condition, identification of the periods or date of coining or manufacture or methods of manufacture of property which is inaccurate, or may be proved inaccurate, by means of scientific process or research which is not generally accepted for use until after the sale

21. COIN GALLERIES reminds the Buyer that the grading or condition of rare coins may have a material effect on the value of the items purchased; that others may differ with the grading opinions or interpretations of COIN GALLERIES, that such difference of opinion (including whether the coin has been cleaned, or is or is not of a particular grade or quality) is not grounds to return an item purchased; and that all sales of items viewed by a Purchaser in advance of a sale, even if the sale is by mail, are final.
22. By purchasing in this sale, Buyer agrees that they shall have no recourse against the Consignor for any reason whatsoever. In the event that a warranty is offered with respect to grade or state of preservation or condition, it shall be a specific warranty, in writing, signed by a member of COIN GALLERIES, and shall specify its terms and conditions and duration. If any numismatic item is damaged in its removal from encapsulation, or during its encapsulation, it is at the sole risk of the Purchaser. Because of the fungibility of numismatic items, any item removed from its holder may not be returned for any reason whatsoever.
23. (a) On any claim made by a bidder, COIN GALLERIES must be advised in writing sent within seven days after receipt of the material, or the date of the sale, whichever is the later; these dates apply whether or not the Buyer has received the material. The disputed property must be returned to COIN GALLERIES in the same condition as sold by COIN GALLERIES, in the same holder.
(b) These conditions are binding and absolute unless varied in writing by a member of COIN GALLERIES or if the bylaws, rules or regulations of the Professional Numismatists Guild, Inc., provide for a longer period, or give the Buyer a greater right, in which case such bylaws, rules or regulations shall prevail. Any and all claims of the Buyer made in violation of the Terms of Sale shall be deemed waived, and the Buyer shall be without further recourse.
24. If COIN GALLERIES, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and COIN GALLERIES shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that shall be COIN GALLERIES sole obligation to Buyer.
25. The auctioneer and cataloguer, COIN GALLERIES, reserves the right to include its own material in any auction sale. The auctioneer may have direct or indirect interests in these, and other items (other than its commission), and may collect a minimum price in addition to the selling commission. This paragraph shall be deemed a part of the description of all lots contained in the catalogue. The catalogue shall also be deemed a part of any invoice issued by the auctioneer. The auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with the auctioneer. The auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by the auctioneer and may include a bid of a consignor reacquiring their lot.
26. COIN GALLERIES, the auctioneer, and employees are "insiders" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase. Bids are so much per LOT. No lots will be broken up unless otherwise stated.
27. No bidder shall have any claim against the auctioneer, or COIN GALLERIES, for improper sequence of offering a lot.
28. On bullion items, bullion-like items, and encapsulated items graded by a grading service, Buyer agrees that there shall be no right of return for any reason whatsoever. Buyer further agrees that due to market volatility, in event of non-payment, COIN GALLERIES shall be entitled to damages that are the greater of selling price or market, together with any supplementary or additional costs.
29. COIN GALLERIES at any time may rescind the sale in the event of non-payment or breach of the warranty of title.
30. The sole remedy that any participant in the auction shall have, whether bidding in person, by mail, or through an employee or agent, for any claim or controversy arising out of the auction shall be a refund of the original purchase price and premium paid, if any. Interest shall be paid by COIN GALLERIES at a rate of no greater than nine per cent (9%) per annum, up to a maximum of six (6) years, unless the rules of the Professional Numismatists Guild, Inc. provide for a higher rate of interest or a longer period of time, in which case such rules shall prevail. A lower rate, or shorter period, may be decided by the arbitrators. Upon payment as determined by the arbitrators, or in full at the maximum rates set forth above, or at an agreed rate, COIN GALLERIES shall be deemed released from any and all claims of the bidder arising out of or in connection with the sale of such property. Purchaser agrees to execute prior to delivery of any refund any documents reasonably requested to effect the intent of this paragraph. By bidding in this sale, all bidders consent to these terms and all other terms of these conditions of sale.
31. **COIN GALLERIES hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by COIN GALLERIES to Purchaser.** All bidders, even if unsuccessful purchasers, agree to abide by this condition, and all other conditions of sale.
32. All rights granted to the Purchaser under the within terms of sale are personal to the Purchaser. Purchaser may not assign or transfer any of these rights to any other person or entity, whether by operation of law or otherwise. Any attempt so to assign or transfer any such rights shall be absolutely VOID and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Sale and terms of warranty on any bidder or Purchaser.
33. "Purchaser" shall mean the original purchaser of the property from COIN GALLERIES and not any subsequent owner or other person who may have or acquire an interest therein. If Purchaser is an agent, the agency must be disclosed at the time of sale, otherwise the benefits of the warranty shall be limited to the agent and not transferable to the undisclosed principal.
34. Should any third party attempt to utilize any warranties contained herein, they shall first give COIN GALLERIES thirty (30) day written notice by Registered Mail or Certified Mail Return Receipt Requested during which time COIN

GALLERIES may, should it choose to contest the third party's claim, ask the Professional Numismatists Guild, Inc., or the American Arbitration Association to appoint a panel of three arbitrators skilled in the field to make such a determination at New York, N.Y. By seeking to use such remedy, the third party unequivocally and without reservation consents to binding arbitration, and its conclusive and binding determination of any alleged damages as a sole remedy. With respect to any other pertinent notice requirements, venue and personal and subject matter jurisdiction, said third party is bound to the provisions pertaining to bidders, buyers and purchasers, as otherwise provided for in these Terms of Sale.

35. In the event COIN GALLERIES shall, for any reason, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's premium. **COIN GALLERIES hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this disclaimer.**
36. If it is determined that a bailment relationship exists while the material purchased is being held by COIN GALLERIES, for Purchaser, said relationship constitutes a gratuitous bailment only, solely for the benefit of the purchaser/bailor, as defined by the laws of the State of New York.
37. As a condition of bidding, bidder acknowledges that numismatic auction sales are unique in terms of their tradition and industry practices. Each bidder agrees that **any claim or controversy whatsoever arising out of this sale shall be settled as follows:** if demanded by either buyer, or COIN GALLERIES by binding arbitration at New York, New York, under the rules then obtaining of the Professional Numismatists Guild, Inc., or as PNG rules may provide, the American Arbitration Association. In the event that a dispute arises between COIN GALLERIES and a non-member of the PNG, this means that the American Arbitration Association, at New York, N.Y., shall have exclusive jurisdiction over the controversy. In any controversy concerning non-payment, COIN GALLERIES shall have the right to proceed by arbitration or by a proceeding in any court of competent jurisdiction in the City, County, and State of New York, whichever is first commenced by COIN GALLERIES. The arbitrator shall not have the power to alter the terms of condition of sale. Judgment on any award may be entered in any court of competent jurisdiction. The arbitrators, and any court, shall award the prevailing party costs and reasonable attorney fees. By bidding in this sale you agree to be bound by the arbitration provisions of the PNG as described above. Commencement of an arbitral proceeding, or confirmation of an award, as well as any notice requirements connected with such proceeding, and any other required service of process, may be made by COIN GALLERIES upon all bidders by registered or certified mail directed to the address of the bidder or purchaser as listed on the bid sheet or application or form required at the time that a bidder number is issued, or by facsimile transmission with proof of receipt. Bidder agrees that such service shall constitute full in personam jurisdiction. The venue for such proceedings shall be the City of New York, State of New York and each bidder agrees to in personam (personal) jurisdiction of the City of New York, State of New York. In all cases, the maximum liability of COIN GALLERIES for any item sold shall be limited to the official price of record of the item at this sale, without provision for consequential damages, or any other damages of any kind whatsoever, unless the PNG rules provide otherwise.
38. If the Purchaser fails to comply with one or more of these Terms and Conditions of Sale then, in addition to all other remedies which it may have at law or in equity, COIN GALLERIES may, at its sole option, either (a) cancel the sale, retaining as liquidated damages all payments made by the Purchaser, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell some or all of the numismatic property and some or all other property of the Purchaser held by COIN GALLERIES, in a quantity sufficient in the opinion of COIN GALLERIES to satisfy the indebtedness, plus all accrued charges. More than one such sale may take place at the option of COIN GALLERIES. Such sale may take place without notice to Purchaser; if COIN GALLERIES gives notice, it shall be by regular mail to the address utilized on the bid sheet, consignment agreement or other address known to the firm. Such sale will be at COIN GALLERIES standard commission rates at public or private sale, within or without the City of New York, at which time (if the sale be at auction) the defaulting party shall not bid. The proceeds shall be applied first to the satisfaction of any damages occasioned by Purchaser's breach, and then to the payment of any other indebtedness owing to COIN GALLERIES, including without limitation, commissions, handling charges, the expenses of both sales, reasonable legal fees and collection agency fees and any other costs or expenses incurred hereunder. If a lot or numismatic item is not paid for, and is sold by COIN GALLERIES for Purchaser's account, in accordance with the Uniform Commercial Code, COIN GALLERIES shall not be required to account to the Purchaser for any excess proceeds. Purchaser is also liable to COIN GALLERIES if the proceeds of such sale or sales is insufficient in the opinion of COIN GALLERIES to cover the indebtedness. If other property of Purchaser is also sold, any excess of proceeds will be remitted to the Purchaser after first deducting the expenses set forth above. If Purchaser fails to remit sums due to COIN GALLERIES, Purchaser grants to COIN GALLERIES a lien with respect to such sum, with interest to accrue thereon at the judgment rate, until actually paid, which lien shall apply against any property of Purchaser, including any future goods of Purchaser coming into possession of COIN GALLERIES. **Purchaser hereby waives all the requirements of notice, advertisement and disposition of proceeds required by law, including those set forth in New York lien law, article 9, sections 200-204 inclusive, or any successor statute, with respect to any sale.** Purchaser waives a right to redeem.
39. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No bidder or prospective bidder or purchaser or prospective purchaser shall have recourse as a result of any postponement. In any event, no person may bid without registering, and ALL REGISTERED BIDDERS including mail bidders and agents by registering or bidding **agree to all of the above Terms and Conditions of Sale.**
40. By bidding or offering to bid, bidders acknowledge that they have read all of the Terms and Conditions of Sale and warranty contained herein and that they accept these terms and conditions without reservation. COIN GALLERIES reserves the right to vary the Terms and Conditions of Sale by rider or other means communicated to bidders. By purchasing from COIN GALLERIES, whether present in person, or by agent, by written bid, telephone or any other means, the bidder agrees to be bound by these Terms and Conditions of Sale.
41. **ALL ITEMS ILLUSTRATED ARE OF THE ACTUAL ITEMS BEING SOLD.**

THE WESTERN RESERVE HISTORICAL SOCIETY

The Western Reserve Historical Society was founded in 1867, making it the oldest cultural institution in Cleveland. The Society's headquarters in University Circle include a Library and two Museums. The History Museum features a mansion built in 1911 that reflects the lifestyles of the rich and famous, and of the servants whose lives differed dramatically from the main house glamour. This Chisholm Halle Costume Wing is always dressed to the nines, with rotating special exhibitions of garments from the late 1700's to the present. In the Crawford Auto-Aviation Museum, more than 100 antique, vintage, and classic automobiles, ranging from Model T's to modern-day Jaguars, tell about Cleveland's early leadership in the auto and aviation industries. In both Museums, rotating special exhibitions focus on many of the different chapters of life in the Western Reserve. The Library is the principal repository for histories, records, and papers relating to the growth and development of Cleveland and the Western Reserve. It also includes one of the best genealogical collections in the nation.

The Society also maintains several properties in the region. Travel a few miles and 153 years away to Hale Farm & Village (Bath, Ohio) to explore life in Ohio's Western Reserve region just as it was being settled and the population was starting to boom. The James A. Garfield National Historic Site (Mentor, Ohio), home of the 20th U.S. President, features an award-winning restoration completed several years ago. The detailed tours available at Shandy Hall (Unionville, Ohio), are possible because the three generations of Harpers who lived there kept every receipt, invitation, and letter, turning the home into a virtual time capsule. Loghurst (Canfield, Ohio), is one of the oldest log houses in the Reserve, and just underwent a restoration and renovation.

The Western Reserve Historical Society is an official Smithsonian affiliate. Through restoration and acquisition activities, the institution continues to *build a new future for the past*, so that Ohioans will be able to discover and learn from the histories of all the people of the region.

A substantial portion of the materials offered in these auctions derives from the Franklin S. Terry Collection. Terry, an industrial executive from Cleveland, accumulated a large collection of World War I memorabilia in the years immediately following the conflict. That material included a substantial number of commemorative medallions struck by the European belligerent powers, particularly Germany and France. Terry's collection came into the possession of the Western Reserve Historical Society in 1929. The World War I material in these auctions derives from that collection. Also offered in these auctions are the other numismatic pieces that had been held by the Society but not accessioned into its collection.

The items in these sales represent the on-going efforts of the Western Reserve Historical Society to refine and improve the collections related to all of the peoples of northeast Ohio. Proceeds from this sale will be used to acquire and/or preserve additional collections so that the Society can continue to meet this mission.

Kroisos (or Croesus), of proverbial wealth, was the last king of Lydia. The looming threat of Persia sent Kroisos to seek aid from Greece and Egypt. But the Persian king Cyrus' prescience proved better than the Lydian's and the Persians captured Sardis, overthrowing Kroisos. From there, Kroisos' skein is woven into legend. Casting himself on a burning pyre, he is miraculously saved by Apollo and taken to the land of the Hyperboreans. In another telling, he becomes the friend and counselor of Cyrus.

Ex Akola hoard.
The hoard was discovered along the riverbank near the city of Akola. It is believed that the Mohurs represented military pay sent from the Surat mint to Mughal troops fighting near Golkonda. The courier, it is said, rested with the troops at night in the dry riverbed. Premature monsoon rains suddenly deluged the area and swept away the caravan — and with it the entire gold mintage of the Surat mint for that year.

RARE SILVER TRIAL 1698 FARTHING

Lot No. 658

- 658 **William III, 1694-1702. Proof Silver Farthing Trial Strike, 1698.** Mailed laureate bust r. Rv. Seated Britannia. Designs are those of the regular Copper coinage (S.3558), but this exciting piece displays far more precise execution. Peck 680, KM 483.2a. **Rare.** Minor cabinet friction. Pale violet-gray with pale gold. Nearly Mint State. (1,000-1,500)

The William III Farthing and Halfpenny obverse dies were engraved by James Roettier, while the Farthing reverse dies were made from Roettier's Charles II Britannia punches. Roettier was accused of making William resemble a satyr and was dismissed from the Mint after accusations of smuggling dies out from the Tower to France. He died not long after, in 1698.

William III's regular Copper coinage is indeed of poorer quality than the William and Mary issues, but the proof strikes, such as the one here, show that this was through no fault of the designs or punches. The fault with the regular issues lies, rather, in the method of production and greedy contractors.

WORLD MEDALS and DECORATIONS
FROM THE COLLECTION OF
THE WESTERN RESERVE HISTORICAL SOCIETY
MEDALS OF WORLD WAR I

The following lots present a comprehensive selection of medals and plaquettes chronicling the First World War. The Belgian, French and German offerings provide a panorama of leaders, battles, and the fast-changing technology of the Great War as well as insights into the national psyche of the contending nations. French and Belgian designs tend toward classical themes and allegories, while the German medals are more stark, angular and assertive, especially in the case of Karl Goetz' satirical designs.

NOTE: Many of these medals will display accession numbers on their rims. These are generally not visible from obverse or reverse and will not be separately noted in lot descriptions.

BELGIUM

Belgian medals in Bronze or Bronze silverplate record the First World War's German invasion and battles, the heroism of King Albert and Queen Elisabeth, deeds of patriots such as Cardinal Mercier and Burgomaster Adolphe Max. American diplomatic support and generosity are remembered through several medals. Of particular interest are medals of the Belgian-Dutch Society of the Art Medal, an international body succeeded by the Royal Society of the Art Medal after the war.

Its medals attained a consistently high standard of design and most display its circle-AM logo.

GERMANY

GERMAN CAST IRON MEDALLIONS

In the patriotic fervor of 1914-1915, German medalists produced a flood of medals, badges and medallions hailing their rulers, military and naval commanders and victories and the other nations comprising the Central Powers such as Austria-Hungary, Bulgaria and Turkey. Especially majestic were the cast Iron medallions created by numismatic firms such as Robert Ball Nachfolger (Nachf.), Berlin, directed by Hugo Grunthal. A selection of these massive, lightly bronzed medallions is offered here.

MEDALS OF KARL GOETZ

Karl Goetz (1875-1950) was undoubtedly the best known German medalist of the 20th century. Born in Augsburg, he lived for 46 years in the Bavarian capital of Munich. During his busy career he created 633 medals, 175 of which were satirical. The artist lived through the most tumultuous era of German history, recording the events in medal form. His medals chronicle the First World War with its victories and ultimate defeat, the turbulent post-war years of the Weimar Republic with their foreign occupation and inflation, the rise of Hitler and the Second World War.

The medals offered here relate primarily to World War I, the Treaty of Versailles, the collapse of the German Empire and the civil strife of 1918-1919. These Karl Goetz medals from the collection of the Western Reserve Historical Society were a primary source for cataloguer Gunther Kienast in preparing his definitive "Medals of Karl Goetz," published in 1967 by the Artus Company, Cleveland, Ohio. Kienast numbers in the listing refer to this standard reference to Goetz' work.

GOETZ' FAMOUS LUSITANIA MEDAL

Karl Goetz most controversial medal marked the sinking of the Cunard Liner "Lusitania" by a German U-Boat on May 7, 1915. Goetz stated that his purpose was to castigate the Cunard Line for endangering neutral citizens by placing them aboard what was a British Navy auxiliary cruiser after a specific warning by the German Embassy in the New York Times. Goetz' error date of May 5 on the first medals cast created a propaganda bonanza for the Allies, and the British Admiralty distributed tens of thousands of counterfeits dated MAY 5 across the world as "proof" that the sinking was a premeditated atrocity. Most replicas are Iron or Lead, originals were cast in Bronze before production was halted by the Bavarian authorities.

Lot No. 1436

- 1436 **1794** S.22. Fine-15. Bold Miss Liberty on obverse, reverse a trifle softer from even light porosity. Blue-brown surfaces are quite pleasing on the overall, with none of the surface and rim nicks associated with these heavy old coppers.

EYE-APPEALING 1794 CENT

Lot No. 1437

- 1437 **1794** S.28. Very Fine-20. Chestnut brown surfaces lend this early copper a splendid look. Obverse and reverse devices bold, but for the normal weakness around OF seen on this variety. A few tiny rim bruises are this coin's only detractions.
- 1438 **1794** S.29. Detail of Fine-12. Dark brown surfaces display light to extensive porosity. A coin for the collector who prefers detail over surface quality; **1794** S.30. Good-4 obverse, Fair-2 reverse. Smooth brown surfaces; **1794** S.63. Fallen 4. About Good-3 obverse, Fair-2 reverse. A few corrosion pits on both sides. **3** pieces.

- 1440 **1794 S.42. (Rarity-4-.)** Very Fine-30. Majestic Miss Liberty is boldly defined against attractive medium brown fields. Surfaces display uniform mild porosity, with a few areas of retained porosity noted on the obverse. An attractive '94 Cent boasting unimpaired rims and edges.

Lot No. 1441

- 1442 **1794 S.57. Button Cap.** Very Fine-20, or a trifle finer. Exquisite, chestnut brown color bathes smooth, attractive surfaces. Devices are boldly struck, with no weak areas to mention. A few ticks and ancient scratches on either side are this lovely type coin's only detractor.

Lot No. 1447

- 1447 **1795 S.73. Lettered Edge. (Rarity-5-.)** Very Good-8. Here is a highly appealing specimen boasting a two-tone obverse featuring light ruddy brown devices and chestnut brown fields, while the reverse is a deep chestnut hue. Surfaces are uniformly granular, but not distractingly so. Rim bruise noted at upper reverse.

- 1448 **1795 S.74. Lettered Edge. (Rarity-4-.)** Very Good-8, with the eye appeal of a higher grade. Deep black brown patina reminiscent of a Roman Sestertius. Numerous rim bruises may be found on this *very scarce* variety.

- 1449 **1796 S.81. Liberty Cap. (Rarity-3-.)** Very Good-8. Deep brown surfaces are sufficiently smooth to create an eye-appealing appearance. Devices and legends are bold, but for slight weakness at ONE on the reverse. A planchet cutter lip may be seen at 2:00 on the reverse, a curious by-product of the planchet punching process.
